

2026 Sustainability Forum and International Conference

Conference Date
2026
Aug. 24-27
Palau

SCOPE

In response to accelerating climate change and sustainability challenges in Pacific Island states, **Fu Jen Catholic University** will host the **2026 Sustainability Forum and International Conference** in Palau, August 24–27, 2026.

Centered on Island Resilience and Global Health, the Forum aligns with SDG 3 & SDG 12, advancing interdisciplinary dialogue on sustainable governance, green energy transition, responsible consumption, medical collaboration, and innovative education in island and coastal contexts.

Bringing together academia, policy, and industry, **2026SFIC** fosters actionable research, cross-sector partnerships, and long-term Taiwan–Palau cooperation for resilient and sustainable futures.
